RING OF POWER

ONERING_01_19_GOLD

The Rings of Power are magical rings created by Sauron or by the Elves of Eregion under Sauron's instruction. Three were intended for the Elves, seven for Dwarves, nine for Men, and one, the Ring to Rule Them All, was forged by Sauron himself in the fires of Mount Doom.

SOLOMON'S RING

IM_SOLOMON_01_17

A magic ring called the "Seal of Solomon" was supposedly given to Solomon, granting him power over demons. In some legends it was mentioned as the Ring of Aandaleeb and was a highly sought after symbol of power.

MACHETE

Machetes are famous for being used by pirates, although there is no reason to believe that Caribbean buccaneers invented them, as has sometimes been claimed. Pirates used these weapons for intimidation as much as for combat, often needing no more than to grip their hilts to induce a crew to surrender. This machete is the perfect way to connect life and fantasy, past and present.

THE TRUE STORY OF THE EXPEDITION BRAND

One day, during a routine trip beyond the polar circle, the helicopter crew mistakenly dropped the team which would become Expedition in the wrong spot, earlier than they should have. They were about three hundred kilometres away from the nearest inhabited spot.

As a result, they had to travel for four days with no food or water. This became an enormous test. Ravenously hungry, they began to think of what the locals normally ate and realized that, funnily enough, Moscow was a city with no restaurant showcasing Northern cuisine. They decided that if all ended well they would have to bring this cuisine to Moscow. That was why on June 14th, 2002 the first restaurant of Northern cuisine appeared in Moscow, and the first product under the umbrella of Expedition appeared.

EXPEDITION TROPHY

Today many people know the legendary Expedition Trophy Race as the longest winter car race in the world. The race is traditionally held from February 23rd to March 8th across Russia from Murmansk to Vladivostok. In 2010 it was held from the White Sea to the Black Sea. More than 30 SUVs comprised of teams from all over the world take part in this spectacular race! There is a minimum of one woman per team. World records, lasting relationships, and unforgettable moments are a huge part of every person's experience at this legendary event.

Baikal lake, 5.03.12

DEAR FRIENDS!

Already 10 years have passed since my friends and I stopped wearing a tie to work and an orange helicopter has been parked at the Moscow restaurant "Expedition: Northern Cuisine"! That was the time when we set high standards of honesty, vitality, and openness to everything new. The catalogue which you have opened is a story about us as of today. If I was asked what I wanted to change in Expedition and what to keep, I would say the following: We need to fuss less, to make less common things. We should believe in our uniqueness, not to fear big deals, and go to Moscow less often. And give birth to more children!

Good luck to all of us on the way!

WELCOME TO THE CLUB

We've come a long way to create a community which can be called Expedition Club. It's a community of lively, strong and distinctive people who can work wonders and awaken faith in the present.

We have passed through special moments with every member of the Club, no matter what it was: successful teamwork on a project, the Expedition Trophy Race, building the temple in the Antarctic or laying the foundation stone of Ruyan city. We appreciate the uniqueness of each other, and we have a lot to discuss and think about together. Our society is for people with non-material values - for those who want to enjoy every moment of life. If a person does not share in our lifestyle and views, there is no amount of money which can buy membership in the Club.

Participation in Expedition Club opens the doors to all the company's events throughout the world, and provides the opportunity to take active part in our projects, most of which are absolutely unique. Members of the Club have access to VIP serves, developed especially for the needs of each participant. And certainly, the most important and valuable point is the opportunity to communicate with the other great people of the Club.
